

GROW HOUSE

Ideally suited for community projects, starter tunnels, subsistence farmers, backyard gardeners and as propagating units.

The Grow House tunnel is available in a DIY format and can be pre-packed and shipped to anywhere in SA.

Options to cover with Shade Net or 200-micron Polythene plastic. Zipped doors offer ease of access on both gable ends. Door options include Shade Net or Polythene.

GROW HOUSE PRICELIST - 2021*
